Public Health and Human Services

Report Period Dec_09

Project ID: 690100000000013 Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

Project ID: 69010000000008 Project Name: Weatherization Project Category: Energy and Weatherization Sub Class: 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Long Range Building

Report Period Dec_09

Project ID: 610700022 Project Name: Central Land Office Building

Project Category: Transportation/Infrastructure

Sub Class: AW906

Project Abstract: Repair or replace existing, inefficient buildings within the MT Dept of Natural Resources and Conservation's Central Land Office compound. Renovation and construction will improve building performance and functionality.

Project ID: 350100000010 Project Name: ARRA IDEA Part B

Project Category: Education

Sub Class: 160W3

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Part B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$36.7 M.

Sub Project Description

Status Description

Project Abstract: The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Public Health and Human Services

Report Period Dec_09

Project ID: 690100000000013 Project Nam

Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: The Child and Family Services Division is mandated by both state and federal laws to provide protective services to children who are abused, neglected, or abandoned. This includes receiving and investigating reports of child abuse and neglect and helping families stay together or reunite, and finding placements in foster or kinship homes. ARRA funding will result in a higher federal contribution for these services.

Project Abstract: This program provides funds for the receiving, storing, distribution and delivery of the additional 339,930 pounds of commodity foods that will be purchased to replenish the empty food pantry shelves in Montana. The Montana Food Bank will receive 40% of the administration funds made available, which is \$28,887.60 in 2009 funds.

Project Abstract: To address old and deteriorating water mains on the Troy water system, dead ends, and to provide looping, water main will be replaced and installed. Any service connections not yet metered will have meter installation. To address the chance of contamination within the distribution system, a hypochlorination system will be installed at each of the two wells. Twenty-three fire hydrants will be replaced or installed to increase fire protection capabilities of the local fire department and increase protection of life and property within Troy

Project Name: ARRA Title I Part A

Project ID: 350100000012

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) provides \$10 B nationally in additional FY 2009 Title I, Pt A funds for schools that have high concentrations of students from families that live in poverty in order to help improve teaching and learning for students most at risk of failing to meet state academic achievement standards. The funds create an unprecedented opportunity for educators to implement innovative strategies in Title I schools that improve education for at-risk students and close achievement gaps while stimulating the economy. Montana's allocation \$34.65 M.

Project Abstract: These funds will be used to help families or individuals that are currently housed but are at risk of becoming homeless and need temporary rent or utility assistance to prevent them from becoming homeless. These funds will also be used to help families or individuals who are experiencing homelessness and need temporary assistance to obtain and retain housing. This is a new program.

Project ID: 69010000000004 Project Name: Temp Asst to Needy Families Project Category: Health and Human Services Sub Class: 855WK

Project Abstract: These funds will be used to continue cash asst for Montanans at the present level & offer a subsidized employment program. TANF cash asst is a program providing temp financial asst to needy families. TANF currently provides \$1.3 million per month in benefits to over 3,300 families. The TANF program allows support of subsidized employment for TANF eligible individuals. Through ARRA, 80 % of expenditures in this area can be recovered. Supported employment placements will be developed through WoRC contractors & will be available for up to six months starting July 1, 2009 thru Sept 30, 2010

Project Abstract: These funds will be used to help families or individuals that are currently housed but are at risk of becoming homeless and need temporary rent or utility assistance to prevent them from becoming homeless. These funds will also be used to help families or individuals who are experiencing homelessness and need temporary assistance to obtain and retain housing. This is a new program.

Project ID: 69010000000004 Project Name: Temp Asst to Needy Families Project Category: Health and Human Services Sub Class: 855WK

Project Abstract: These funds will be used to continue cash asst for Montanans at the present level & offer a subsidized employment program. TANF cash asst is a program providing temp financial asst to needy families. TANF currently provides \$1.3 million per month in benefits to over 3,300 families. The TANF program allows support of subsidized employment for TANF eligible individuals. Through ARRA, 80 % of expenditures in this area can be recovered. Supported employment placements will be developed through WoRC contractors & will be available for up to six months starting July 1, 2009 thru Sept 30, 2010

Project Abstract: This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the American Recovery and Reinvestment Act of 2009. It provides a source of financing for the construction of water treatment facilities and associated infrastructure, green infrastructure, program administration and technical assistance activities.

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Parts B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$1.26 M.

Project Abstract: The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Public Health and Human Services

Report Period Dec_09

Project ID: 690100000000013

Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

 Proiect ID: 69010		Proiect Name:	– – – – – – – Weatherization		Project Category	Fnergy and We	 patherization						

Project ID: 69010000000008 Project Name: Weatherization Project Category: Energy and Weatherization Sub Class: 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Parts B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$1.26 M.

Project Abstract: UI Federal Additional Compensation benefit payments will increase weekly benefits to all claimants (including Emergency Unemployment Compensation) by \$25 per week for all claims filed before January 1st 2010. This increased benefit will expire on June 30, 2010. The department will recieve some administrative funds based upon a workload formula.

Project Abstract: These funds will be used to continue cash asst for Montanans at the present level & offer a subsidized employment program. TANF cash asst is a program providing temp financial asst to needy families. TANF currently provides \$1.3 million per month in benefits to over 3,300 families. The TANF program allows support of subsidized employment for TANF eligible individuals. Through ARRA, 80 % of expenditures in this area can be recovered. Supported employment placements will be developed through WoRC contractors & will be available for up to six months starting July 1, 2009 thru Sept 30, 2010

Sub Project Description

Status Description

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Project ID: 5706000016Project Name: Bitter Root ID SiphonProject Category: Water and EnvironmentSub Class: 540W6

Project Abstract: Bitter Root Irrigation District (BRID) in Ravalli County, provides irrigation water to approximately 1,350 irrigators on 16,665 acres along a canal system approximately 72 miles long on the east side of the Bitterroot Valley. The proposed project addresses repair of 812 linear feet of Siphon 1, constructed in 1909, and used to transport almost all of BRID's irrigation water. The proposal also includes final design and construction for repair or replacement of the entire 5,654 foot siphon.

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Parts B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$1.26 M.

Public Health and Human Services

Report Period Dec_09

Project ID: 690100000000013 Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) provides \$10 B nationally in additional FY 2009 Title I, Pt A funds for schools that have high concentrations of students from families that live in poverty in order to help improve teaching and learning for students most at risk of failing to meet state academic achievement standards. The funds create an unprecedented opportunity for educators to implement innovative strategies in Title I schools that improve education for at-risk students and close achievement gaps while stimulating the economy. Montana's allocation \$34.65 M.

Public Health and Human Services

Report Period Dec_09

Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

: 350100000012 Project Name: ARRA Title I Part A Project Category: Education Sub Class: 160W2

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) provides \$10 B nationally in additional FY 2009 Title I, Pt A funds for schools that have high concentrations of students from families that live in poverty in order to help improve teaching and learning for students most at risk of failing to meet state academic achievement standards. The funds create an unprecedented opportunity for educators to implement innovative strategies in Title I schools that improve education for at-risk students and close achievement gaps while stimulating the economy. Montana's allocation \$34.65 M.

Public Health and Human Services

Report Period Dec_09

Project ID: 690100000000013 Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

Project ID: 69010000000008 Project Name: Weatherization Project Category: Energy and Weatherization Sub Class: 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: State funds will be used as match for the U.S. Department of Commerce, Economic Development Administration (EDA) ARRA funds to be used under the EDA Montana Distressed Wood Products Industry Recovery & Stabilization (WPIRS) Program for loans to timber related businesses and wood product businesses impacted by the recession. This program is designed to place the highest priority on projects that will have the greatest potential for retaining and creating long-term employment opportunities for Montanans, and that provide long-term economic benefits to Montana communities.

Project Abstract: This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the ARRA of 2009. It provides a source of finance.

Project Abstract: This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the ARRA of 2009. It provides a source of financing for the construction of water treatment facilities and associated infrastructure, green infrastructure, program administration and technical assistance activities. The primary is to: preserve and create jobs and promote economic recovery through the investment in infrastructure projects that will improve water quality and will provide long-term economic benefits.

Project ID: 5301	SRFWW000003	Project Name: Waste V	Vater-SRF Admin		Project Category	: Water and Envi	ronment	Sub Class:	420WW				

Project Abstract: This is a Federal Fiscal Year 2009 Clean Water State Revolving Fund (CWSRF) stimulus grant under the ARRA of 2009. It provides a source of financing for the construction of wastewater treatment facilities and associated infrastructure, green infrastructure, estuary projects and program administration. The primary purpose is to: preserve and create jobs and promote economic recovery through the investment in infrastructure projects that will improve water quality and will provide long-term economic benefits.

Project Abstract: Administrative dollars for workload related to UI Federal Additional Compensation benefit payments. This will increase weekly benefits to all claimants (including EUC) by \$25 per week for all claims filed before January 1st 2010. This increased benefit will expire on June 30, 2010. The department will recieve some administrative funds based upon a workload formula.

Project Abstract: The Child and Family Services Division is mandated by both state and federal laws to provide protective services to children who are abused, neglected, or abandoned. This includes receiving and investigating reports of child abuse and neglect and helping families stay together or reunite, and finding placements in foster or kinship homes. ARRA funding will result in a higher federal contribution for these services.

Dept of Natural Resource and Conserv Report Period Dec_09

Project ID: 5706000050Project Name: Yellowstone Greycliff StudyProject Category: Water and EnvironmentSub Class: 540W6

Project Abstract: Sweet Grass County will manage a study designed to conserve cropland pasture and wildlife habitat along the Yellowstone River near the town of Greycliff. The study will gather enough information and public support for permit applications to implement the project in 2010. Specific tasks for this project are - compile existing data, host public meetings, design a project that will significantly reduce or eliminate erosion for flow rates up to the 100-year flood stage; and begin the permit process using the compiled data and public comment.

Project Abstract: These funds increase the federal Medicaid funds appropriation due to the temporary increase in the federal Medicaid match rate. The enhanced federal Medicaid match rate is intended to prevent limitations or reductions in eligibility for services and to avert cuts to Medicaid services and provider rates.

Public Health and Human Services

Report Period Dec_09

Project ID: 690100000000013 Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

22

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Report Period Dec 09

Project ID: 35010000003 Project Name: ARRA Ed of Homeless Children

Project Category: Education

Sub Class: 160W6

Project Abstract: ARRA provides \$70 million nationally under the McKinney-Vento Education for Homeless Children and Youth program (Title VII-B of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11431 et seq.) These are one-time funds that supplement the McKinney-Vento funds made available under the regular FY 2009 appropriation to assist states and local educational agencies (LEAs) in addressing the educational and related needs of homeless children and youth during a time of economic crisis in the United States. Montana's allocation is \$175,966.
